

Quirks policy on Coronavirus (COVID-19)

At Quirks, its business as usual!

We are taking Government guidelines very seriously and are very aware of the shifting landscape concerning protection from the Virus, we wish to reassure you of our commitment to protect both our staff and the public.

We have, for some time, been working with our cleaning contractors to ensure that additional regular sterilising visits are made to our branches. Our staff intermittently, during the day clean any surface that may have come into human contact. Washing of hands remains a continuous routine.

To date none of our staff have any symptoms and we hope in earnest that this will remain the case during these testing times. To be clear, if a member of staff or anyone in their household has any symptom, they will not return to Quirks for 14 days.

Our policy also includes an ongoing risk assessment at the earliest opportunity, to identify if a vendor/landlord or applicant has any symptoms or have recently returned from an affected area.

As a precaution, our sales offices are temporarily closed on Sundays to minimise exposure.

The Government advice is being updated on a daily basis and Quirks will react accordingly to this advice.

Keep safe

Simon Quirk
