Beautifully Extended and Stylishly Renovated in 2018, This Exceptional 4-Bedroom Detached Home Offers Contemporary Open-Plan Living at Its Finest. Featuring sleek bi-fold doors opening to the rear, a high-gloss modern kitchen, a luxurious bathroom, and upgraded shower room and cloakroom. Enjoy a landscaped south-facing garden, an attached garage, and impressive eco-friendly features including 16 solar panels, a 10kW battery storage system, and an EV charger. A Must-See Property!

Located in the desirable Shotgate area of Wickford, this impressive 4-bedroom detached home offers convenient access to scenic countryside and major routes including the A130 and A127. Extensively extended, redesigned, and modernised to a high standard in 2018, the property now boasts a sleek open-plan ground floor layout with full-width bi-folding doors opening onto a low-maintenance, landscaped rear garden.

The spacious accommodation includes a generous master bedroom (138" x 106") with built-in wardrobes, three further well-proportioned bedrooms, a stylish family bathroom, and upgraded shower room and cloakroom. Additional highlights include 16 owned solar panels with a 10kW battery storage system, an EV charger, an attached garage, and a driveway to the front.

Council Tax Band: D

ENTRANCE HALL

Welcoming entrance with a double-glazed side window, tiled flooring, radiator, and ceiling coving

ATTACHED GARAGE

17'8 x 8'5

With eaves storage, power and lighting, electric up and over door, driveway parking, and an EV charging point

OWNED SOLAR PANELS & BATTERY STORAGE

This property is equipped with 16 owned solar panels capable of generating up to 7.5kW, complemented by a 10kW battery storage system for optimal energy use. An electric vehicle charging point, delivering up to 7kW, is also installed. Additional eco-conscious features include a voltage optimiser, designed to regulate incoming electricity and extend the lifespan of household appliances by maintaining voltage within the optimal range set by the Distribution Network Operator (DNO). Furthermore, the property benefits from DNO approval for an uncapped export limit, allowing surplus energy to be fed back into the grid - maximising energy savings and efficiency.
